INDEX TO VOLUME 59 — METAL FINISHING

JANUARY-DECEMBER, 1961

(Compiled by N. Hall, Technical Editor, and I. Oquendo, Equipment and News Editor)

In this index all material that appeared in the January through December 1961 issues of *Metal Finishing* is listed according to subject matter, with cross references where required. Following each listing will be found a letter indicating the manner in which the material was published, as follows:

(S)—Shop Problem
(R)—Recent Development
(P)—Patent
(M)—Manufacturers' Literature
(B)—Book
(A)—Abstract from Foreign Literature

Any reference not followed by a letter was a feature article. The numbers in the right-hand column refer to the month and page numbers; **6-85** means June issue, page 85, etc.
